Dear Brother Sam:

Your presentation of the Seder Service was outstanding, and our people appreciated it very much. It was illustrative and humorous. It was serious and challenging. It was informative and full of hope. Thank you for how God used you among our people.

I will commend you to any church that is interested in having a presentation of the Seder and hearing your testimony to the grace of God. Your wife also added much to the presentation, and we appreciate her ministry.

Thanks again for your ministry with us, and may God give you a fruitful ministry in the future.

Cordially in Christ,

Mark Corts
